## Who are we?

# HERITAGE

DT Travels help visitors have a truly immersive experience when they choose to visit the inspiring world heritage sites, of which Sri Lanka is blessed with staggering eight UNESCO designated World Heritage Sites. These are the ancient sacred city of Anuradhapura, the ancient city of Polonnaruwa, the sacred city of Kandy, the Sigiriya Rock Fortress, the Golden Temple of Dambulla, the historic Galle Fort and two natural sites, the Sinharaja Rainforest Reserve and the Central Highlands of Sri Lanka.

# CULTURE & HISTORY

A large elephant is the central focus, adorned with a vibrant red cloth featuring gold floral patterns. A person wearing a white and red traditional cap sits atop the elephant, holding a long wooden staff. The elephant is positioned in front of a grand, multi-tiered white stone building with a dark red roof and traditional architectural details. The scene is set outdoors under a clear blue sky with light clouds.

The hill-country capital of Kandy lies on a plain amidst towering hills and looped by Sri Lanka's largest river: the Mahaweli. The town's pleasant temperate climate, its scenic location and its rich history has made it a favourite haunt for travellers. It is also the natural gateway to the stirring peaks of Sri Lanka's hill country. For almost two centuries Kandy provided a safe haven for the proud Kandyan Kingdom, until it finally fell to the British in 1815. Now a tiny but bustling city, Kandy still regards itself as the bastion of Buddhist philosophy. During the month of August, Kandy dazzles with the sounds and lights of the Kandy Perihara – a magnificent procession where a sacred tooth relic of Lord Buddha is majestically paraded on elephant back along the streets of Kandy.

# *adventurers* NATIONAL PARKS

A photograph of an elephant in a lush tropical forest. The elephant is the central focus, facing left, with its trunk slightly curved. It has large, thick, light-colored tusks. Its skin is dark brown and appears to be covered in mud or dirt, especially on its head and back. The background is filled with dense green foliage, including palm trees and other tropical plants. The lighting is bright, suggesting a sunny day.

Sri Lanka became the first country to set up a flora and fauna sanctuary in Mihintale, as long ago as the third century BC, so beginning a long tradition of conservation. Now, 12 per cent of the island is designated for wildlife protection. Although the strict natural reserves are out of bounds for visitors, there are National Parks and sanctuaries, tropical rainforests, and wetland marshes throughout the island where animals can be seen in their natural habitat. Yala National Park, with a total protected area of 1,267 sq kms, maintains a proud tradition.

# BEACHES

Endless blissful days spent soaking up the sun, lazing on the warm sand and cooling off in the aquamarine surf awaits all who venture on a tour of Sri Lanka's famous beaches. Achieving an enviable tan, while catching up on all the summer reading or snoozing with a refreshing cocktail in hand, we provide travelers an air conditioned luxury accommodation in which to enjoy a relaxing night and awake revitalized for another day of fun on the beach. Whether it be Sri Lanka's east coast, west coast or the lively southern coast, a beach holiday like no other awaits our customers.

# HILL COUNTRY

British planters flocked to the hill country following the introduction of tea in 1867 and Nuwara Eliya soon developed into a summer retreat. Railway lines were extended to the southern highlands including Bandarawela. Nuwara Eliya's British tea planters soon saw the potential of Bandarawela which was then a little-known village hamlet, but became into a popular holiday resort, especially for planters and railway employees. The Hill Country's magnificent landscapes, cool climate and relaxed lifestyle, continues to attract many local and foreign travellers seeking to escape the daily grind.

# *magnificent* GEMS

Travelers on a gem tour with DT Travels, will be mesmerized not only by the valuable colourful stones, but by the entire gem business. Whether the purpose is just to learn more about these precious and semi-precious stones or to actually purchase a few, the gem tour will be an interesting and enlightening experience into the world of gemstones.

We provide convenient and experience-packed day tours ranging from in and around the capital Colombo, to the astounding greenery of the Hill Country, to the sights and sounds of the bustling towns in the deep down south, to the Northern coastal areas and to the inspiring ancient cities located in the famous Cultural Belt and where the rich cultural heritage of Sri Lanka forms part of everyday life and is celebrated daily

We are from Canada and we booked DT Travels for a car/guide service to travel around Sri Lanka for just over two weeks. Tamara (customer service rep) helped us pick the appropriate route and places that are a must see. I emailed her my questions and any concerns and she replied usually within 1-2 days (there is a 11 hour time difference between us) Our guide/driver Vinaj picked us up from the airport and took us to our first accommodation in Negombo. Destry met us in Negombo to introduce himself, welcome us to SL and give us the travel package before starting our trip. Vinaj is an amazing wonderful/friendly person. Very warm and kind and he goes the extra mile to ensure we see everything we can. Vinaj has helped us get tickets for all the attractions, and climbed each destination to make sure we are safe and getting the perfect picture. I cannot say enough on how immensely helpful Vinaj has been. Our trip would've been much harder without his expertise and help. So far we are very pleased with everyone at DT Travels.

It was my family time, my wife and daughter) Tour to Sri Lanka for 5 Night and 6 Days. Right from the beginning Mr. Destry of DT Travels helped me to finalise the tour itinerary. In 5 days we covered Dambulla, Kandy, Nuwara Elib, Unawatuna, Bentota and Colombo. Except Bentota we stayed one night in each places. On arrival at Colombo Airport we were warmly welcomed by Mr. Destry of DT Travels. I will cherish that welcome forever. Total tour package starting from hotel booking, providing good quality car with english speaking chauffeur cum guide, choice of tourist spots to firm the itinerary were amazing. We had a great time in Sri Lanka organized by Destry and Tamara. The hotels booked for us exceeded our expectations. We have also been offered a complimentary Indian dinner in Colombo by DT Travels, Hotels and Resorts booked for us was value for money. Overall tour was excellent and we came back with a sweet memory. Sri Lanka is an excellent place for shopping, dining, leisure etc. Sinhalese are basically very lovely and lively people. Local foods are great. The driver was very skillful but unfortunately he used talk over phone continuously while driving, which we didn't like at all. Punctuality was also a problem. In all the days we started late from hotel due to his late arrival. Though highly skilled but this kind of driver is not good for tourist. On the other side DT Travel was very helpful, call us time to time to check on us and even provided local SIM card for us. Overall package was reasonable with DT travel and they were very accommodative in terms of payment. I would definitely recommend DT travel to my friends for sure. At the end I would like to thank DT Travel for that memorable trip.

Dear Destry,

With your great service, we have had a good holiday in SRI LANKA. You are the most responsible and reliable drivers we have met and spent such long history with.

We can see you have tried your best to give the best service and recommendation when we ask for. We had been to the right place and got what we were looking for with your guide and help. Overall we are very happy that we met you here and we will recommend you to our friends if they would like to come to SRI LANKA in future.

Dear Destry,

We had a great time in Sri Lanka organized by Tamara in Destry. The hotel and driver service for us was amazing. Like Camped Beach Hotel and the nice price. Sri Lanka is a beautiful place for shopping, people are lovely and food is great, specially the Sri Lanka rice is must to try. The driver's unfriendliness was not so experience with the roads and very negative about the traffic jam at Colombo. Which is not good for tourist. DT Travel was very helpful, call us time to time to check on us and was top up our SIM and for us. And I would say the price was very reasonable with DT travel. I would recommend DT travel to my family and friends definitely, no doubt about it. Thank you DT Travel for the fabulous trip.
