Stay Madivaru

The exotic experience of the Maldivian ocean awaits you.

The Maldives is the place on earth where the sand is as white as the snow, the shore lines as blue as a turquoise gem stone, most importantly a homeland to hundreds of species of fishes, including tiny vibrant reef fishes, moray eels and types of tunas. Oceans covered with dense coral reefs featuring a fantasy world under the water.

The Indian Ocean surrounding the Maldivian archipelago is full of activities, such as scuba diving, fishing, cruising, and surfing. Cruising on a boat is the most effective way to experience it all. While all islands have their own reef to explore, there are also more obscure experiences to be had, such as diving to see the whale sharks or giant manta rays in certain parts of the ocean.

**FOUR
ADVENTURES
IN ONE TRIP**

Liveboard

'Stay Madivaru' the perfect getaway vacations for both introverts and extroverts with highly versatile activities carried out and incredible services provided, planned and operated by stay islands private limited.

'Stay Madivaru' is a stunning locally build 25m teakwood boat which has been completely refurbished in 2015, bringing out a true uniqueness to this boat by enlightening the modern gestures assuring complete comfort to the passengers from all over the world.

Laying under the sun, soaking in the bright rays along with the luxury cravings all in one could be experienced at 'Stay Madivaru' which boasts a vast saloon, bar dining area and also a sundeck. The saloon is furnished with comfortable dinette sofas perfect to lounge the day away. The sundeck is situated above the saloon, furnished with both sundeck chairs and sun beds, ideal for all sun lovers.
