TESTIMONIALS

NDC 2017 - at Grand Hyatt & Al Sahar in Dec 2017 (900+ pax)

I have worked with a wide-variety of DMC partners in my experience as an event planner for Salt Experiences and Management Pvt. Ltd. Equifax represents the highest level of service and hospitality I have come across, anywhere in the world. As I collaborate with the Equifax team I become a student of seasoned professionals. Their professionalism comes from a genuine passion to execute incredible events. The usual event maladies of stress and fatigue are nowhere to be found with this group. They have a contagious excitement and optimism for hospitality and travel and all the challenges it presents. Rarely in the world of events does one meet people so perfectly suited for their careers. At the end of each of our event, I've felt that I've not only made the right business decision, but that I've also made life-long friends. Equifax is the best of the best.
